ANTAGORISM IS SHOWN

Superintendent Cook's Case Before the School Trustees.

STATEMENT WAS READ

lesse Lawson, of the Local Colored Commission for Atlanta, Submits a Complaint Concerning the School Exhibit Which Was Not Sent-Appointments and Promotions.

A determined effort is being made to oust Supt. G. F. T. Cook, of the colored schools of Washington, from his position.

There are several factions among the col-ored people here and Prof. Cook has roused amagohism in at least one of them. A state-ment regarding the failure to send a colored school exhibit to the Atlanta Expesiion, which was read at the school board neeting yesterday, shows one cause of dis-

In addition to hearing this paper the board maned a teacher o. Engliso, partiotwo ext books, and approved a number of ap-pointments and promotions. Vice President Wilson called the meeting

to order with Trustees Barlington, Cornist, Mrs. Stowell, Dr. Hazen, and Dr. Shadd present. Servicary Facek and Supt. Powell were also in attendance. The application of Mr. Harry Burrows for

leave of absence, after a statement by Mr. Falck as to the condition upon which leave rance as to the conduction upon which leave is granted, was referred to Dr. Witner. The communication from Jesse Lawson, President of the Atlanta Exposition Colored cored Commission for Washington, regard-ing the failure to send a colored school exhibit to Atlanta, was read.

AGAINST SUPT. COOK.
It stated in effect that Supt. Cook had obtained permission from the board to prepare an exhibit, had beld a concert prepare an exhibit, had held a concert with the ald of the school children to scenre funds to pay the expenses of sending the exhibit to Artana and maintaining it there, and then had sent the papers, specificins of needle work, wood work, drawing, etc., to a storage house instead of placing them in the hands of the commission to place in the exposition.

The commission had been ready to pay any necessary cost of maintaining the

any necessary cost of maintaining the display at Atlanta, and a radroad bad display at Allanta, and a faircan that agreed to transport the goods to Atlanta without cost. Supt. Cook had, however, refused to allow the display to go unless the commission would make a guarantee of \$700 to return the display here unin-

The commission was ready to do this, but asked what had become of the money raised at the concert. Unpleasant rela-tions were produced and the exhibit was not made. Parents were complaining, and not made. Parents were complaining, and the board ought to investigate the matter. Trustee Cornish said the concert was given wholly by the echoels and the Atlanta Commission had nothing to do with it. The whole matter had been placed before the Commissioners by Mr. Lawson and the Commissioners bad decided that no action was to be taken. He could not see that the school board had any business to interfere after the Commissioners had acted.

acted. .
Trustee Darlington, however, moved that the communication be referred to trustees Shadd. Bruce, Cornish and Terrell as a special committee and it was so voted

HIS EXPLANATION. Supt. Cook said to a Times' reporter that the concert only netted about \$90. It was held aft Convention Hall on April 28th last. There were heavy expenses and the income was not so large as hoped for. The accounts of the affair are acces-sible to any one at his office. He declined to allow the exhibit to go because it was worth \$1,000 to \$1,500 and he wanted a guarantee for its safe return. Also he was sure the attendants in charge of the exhibits at Atlanta should be teachers in the school, but he had no guarantee that

would be so. it would be so.

Mr. Lawson said last night, the Comnission was willing to send teachers recommended by Supt. Cook to take charge
of the display, but the appointment must

have been made by the Commission.

The changes in the leaching force was then taken up. Secretary Falck said the full list of promotions, etc., had not been prepared. The more important were ready. The promotions were those that ordinarily would have been made in July. He then read the lists. Changes not otherwise read the lists. Changes not otherwise specified date from September 1, 1895. The board approved changes as follows: Business High School—F. E. Throck-morton, promoted to \$775; H. T. Domer, appointed tempotary teacher, \$1,500 a year, for one week, vice G. J. Trustee Darlington stated that Mr. George Smith, who had been teacher of English, after a year's leave of absence had notified the board of his desire to resume his position but at the last moment had resigned. This had made it difficult to choose a successor. The committee had finally agreed to recommend Miss N. M. Revpolds for temporary head of the department at \$1,500 a year, to go into effect order but was only for the year.

The board voted its approval. There was some talk of reducing the salary but no action was taken.

Supt. Powell explained some changes among the teachers which had some appearance of unfairness by saying that some teachers last year had been placed above the usual rank because the positions were at the disposal of the board. This year that fact was taken into consideration. Upon motion of Trustee Darlington, it was voted that one more pupil be admitted to the Normal class from the Western High

chool .two more from the Eastern, four from the Central and upon motion of Trustee Cornish a proportionate number from the Colored High school. This will give two more from the colored schools.

out its discordant welcome.

The scene in and around the station beggars description. The crowd seemed wild with enthustasm and from every window of every factors, store and dwelling there were waving flags and handerchiefs. BUSINESS ME ARE HELPING

Every Article Necessary Will Be Voluntarily Donated by Firms in and Out of Town-Entire Clubbouse Will Be Used for the Entertainment. List of Various Committees.

The executive committee having in charge the arrangements and details of the com-ing Columbia Athletic Club Fair and Carnival beld its second meeting at the big

club house last night.

The chairmen of several of the most important sub-committees reported favor-able and very encouraging progress. The committee on donations and subscriptions especially had a most gratifying report to make. Donations from large firms in and out of town have already been received, and indications are that this committee will have little or no trouble in securing by voluntary donation every article necessary to run the affair with.

December 4 to 14, inclusive, is the period decided upon during which the carnival will be held, and during that time the entire club house will be a veritable bower of beauty, as well as a well regulated business mart and place of entertainment.

CONCLAVE OF THE KNIGHTS

Supreme Castle of the Golden Eagle Assembles in the City.

FINE PARADE ON THE AVENUE

Prize Drill Will Be Held in National Park-Pilgrimage to Mount Vernon to Be Taken-Important Questions Before the Convention-Election of New Officers.

The Knights of the Golden Eagle yesterday opened their annual conclave in this city by a parade in which many hundred knighta participated and made a fine showing in their bright, handsome uniforms.

The order numbers between 70,000 and 80,000 members, and perhaps as many as 10,000 of that number have taken advantage of the opportunity offered to visit Washington. The Ebbitt House is the headquarters of the conclave, and the Supreme Castle held its first session there yesterday at 10 o'clock. The Supreme Castle is composed of one

representative from every State in the Union where the order has a habitat, together with the past grand chief of each lodge.

Jacob H. Auli, of Baltimore, supreme chief of the order, presided at the meeting, and filed his report for the last year. Most of the morning was taken up with

the appointment of various standing committees, which were as follows: COMMITTEES APPOINTED. Committee on law-P. S. C. J. D. Barnes. of Pennsylvania, chairman; P. S. C. Edward S. Rowand, of Pennsylvania, and P.

ward S. Rowand, of Pennsylvania, and P. G. C. Paul E. McLelland, of Maryland.
Committee on finance and mileage—P. G. C. John Dickinson, of Pennsylvania, chairman; P. G. C. Harry P. Reinicke, of Pennsylvania; P. G. C. John B. Treibler, jr., of Ibelaware, P. G. C. George J. Robertson, of New Jersey, and P. G. C. Robert J. McCuen, of Maryland.
Committee on appeals and grievances—P. S. C. C. W. Mitchell, of Ohio, chairman; P. G. C. J. C. Gooding, of District of Columbia; P. G. C. William P. Collins, of West Virginia; P. G. C. Jeane Jewell, of Maryland, and P. G. C. George R. Cross, of Maryland.

Committee on printing—P. S. C. Ernst Koch, of Connecticut, chairman; P. S. C. George H. Sumner, of Massachusetts, and P. G. C. Fred L. Trowbridge, of Connecti-

The committee on credentials reported that the following delegates were entitled to admission to the meetings of the supreme castle: Maryland, Samuel R. Jackson; Pennsylvania, F. A. Harris; Massachusetts, Edwin B. Dow; Delaware, W. F. Taylor; New York, A. S. McKnabb; West Virginia, S. N. Hurst; District of Columbia, E. T. Tolson; Ohio, J. M. Wilson; Connecticat, W. H. Whroden; Kansas, William H. Murphay; California, Samuel McCault; Michigan, C. H. Gale; Maryland, W. W. Camden; New Jersey, Robert N. Faust, and Kentacky, E. W. Lefeber. The committee on credentials reported

QUESTIONS OF POLICY. Among the questions to come before the Supreme Castle at the session will be to taxation and readjustment of the assess ments. Under the present law a juris-diction that has 2,000 members is only required to pay a tax of \$200 annually to the Supreme Castle. This has worked a great hardship on some of the smaller castles, and it is the intention of the present convention, if the necessary vote can be mustered, to change the law to a uniform assessment of 4 cents per member annually without regard to size or juris-

Nominations for the various offices to be filled during the session have been made, and the discussion likely to grow from them is expected to make the session

The report of the supreme chief recommends that a national castle be instituted for such members who live in places under the jurisdiction of the supreme castle, where castles have ceased to exist, and a per capita paid to the supreme castle. SUPREME CASTLE OFFICERS. The officers of the supreme castle are Messrs. Jacob H. Aull, A. C. Lyttle, Lyman

P. Lewis, Timothy McCarthy, William Culberson, William O. Brown, P. B. Otterback, John H. Hatton, Dr. James E. Whitford, and E. L. Tolson.

They will continue to hold sessions at the parlors in the Ebbitt House until all of the official business pertaining to the or-

he official business pertaining to the organization is disposed of.

A prize drill will be held at National Park during the week, in which all of the uniformed companies in attendance upon the session will participate. A prize of \$50 in cash will be given to the best drilled company and \$25 to the second best.

The grand parade of the order took place yesterday afternoon. Several thousand men were in line, and the showy uniforms of the Knights made a brilliant spectacle. All of the streets over which

spectacie. All of the streets over which the procession passed were crowded with people, and many of the buildings along the line of march were profusely decorated with flags and bunting. Pennsylvania perhaps made the finest showing in the parade, and the marching of the Knighta from this State was one of the features.

SOME CRACK COMPANIES. The Blue Cross and Lancaster Commanderies, from Lancaster, Pa., made a particularly fine showing. Following the Pennsylvania delegation came the castles of the District of Columbia, Maryland, Delaware, Ohio, New Jersey, Massachusetts, Wirzinia, Rhode Islands Maine, Connecticut. Virginia, Rhoc land. New York, California and

iand. New York, California and West Virginia.

Supreme Chief Aull reviewed the parade at the corner of Ninth street and Pennsylvania avenue. The visiting members will be cared for by a reception committee, consisting of the ladies of the Washington commandries, and a suitable series of entertainments has been formulated by the committee for the delectation of the visitors.

The Safest and Best Field for Investment.

Capital is always seeking safe and profitable investment—the most inviting neld to-day is cotton manufacturing in the South. There is probably no well-managed mill in the South that is earning less than 19 per cent, not profit, and most of them are doing much better. Very many are earning from 29 to 25 per cent.

Cotton Mills in the South are earning from 20 to 25 per cent, in the face of the general depression of the last few years, this is a phenomensal record for any lavestment.

At present there are \$5,000,000 cotton spladies in the world. The South furnishes the raw material for ever one-half of them, producing over 60 per cent of the annual crop of the world, while it has only \$1,000,000 py spladles, or about 4 per cent of the total number in the world. The South form 1,000 to \$3,000 miles to mills in New fingland and Great Britain, is manufactured in mills where coal costs from \$1.00 a ton and over, and where light is expensive. The tendency of this industry is now secutiward, because of the unequalled atwantages of this section. No other industry promises such sure and certain returns on the investment.

The Newport News Cotton Manufacturing Co. Offer to investors, both to large and small (and, indest, particularly to small) investors, an opportunity which promises the most profitable returns.

The Newport News Cotton Manufacturing Company is organized on the co-operative plan, with an authorized capital of \$500,00°; par value of the shares \$100, parable \$2 per share at the time of subscription, and \$2 per share monthly until baid.

It has general offices at Richmond, Va., and the most prop that city are its stockholders and officers. OFFICERS OF THE NEWPORT NEWS COTTON MANUFACTURING COMPANY;

There is probably no better location in the United States for a cotton mill than Newport News. The population of the town is about 10,000, while at Hampton and surrounding points there are about 10,000 more, thus formishing an abundant supplied for good operatives. Newport News being one of the largest coal scripping points in the United States, the best steam coal can be had at a minimum cost West Virginia coal can be inid down at less than \$4.00 at on against \$5.00 at on which is paid by many of the most successful mills in North Carolina. Its location furnishes abundant transportation facilities by which to draw cotton by water from all Southern points, as well as for shipment of the finished product to any part of the world.

An Opportunity for Small Investors.

An Opportunity for Small Investors.

Heretofore small investors have not generally been able to share in the large fits made by cotton mills; building associations and savings banks have been SMALL

INVESTMENTS.

In, and before the stock is paid up the MILL can be IN SUCCESSFUL OPERATION.

S Witham, of Atlanta, who is president of twelve banks in Georgia and Slabama: "The average net earnings of several cotton mills I am acquainted with will run to about 11% per cent." I believe a cotton mill, with a fair working capital, well managed, will make from 5 to 35 per cent. I know of one which earned 46 per cent net in 1891. We advance money on cotton mill stock, cotton code, in storage at the less rule than one other college.

\$100,0.0 of the total stock (\$500,000) will be offered for sale in Wasnington, and the books will be opened on.

True to the co-operative principal, every opportunity will be given to the small investor, and application for single shares will be encouraged.

Applications for stock must be made at the office of the Washington agents of the Newport News Cotton Manufacturing Company, or at their depository, URANE, PARRIS & CO., 1344 F st. nw., Washington, D. C.

capital, well managed, will make from 20 to 35 per cent. I know of one which carried 46 per cent net in 1891. We advance money on cotton mill stock, cotton goods in storage, at a less rate than on any other collateral.

A. I. James. President of the Bank of Laurinburg, Laurinburg, N. C.: "There are eight mills in this county. The profit during this year in the cotton mills business has been and is still very large; that is, it is from 10 to 35 per cent. I know of nothing else in our section that pays so large a profit.

J. G. Rhea, Cashler City National Bank, Griffin, Ga.: "The Griffin Manufactur ing Company in 1887 paid a 6 per cent dividends over since, and still carriess a surplus of over 80 per cent added to its capital out of its searnings. In 1883, 10 per cent; and has steadily paid 10 per cent, dividends over since, and still carriess a surplus of over 80 per cent added to its capital out of its searnings. In 1883 the Kincaid Mill was organized and put in operation. In 1831 it paid 6 per cent; in 1893, 7 per cent; in 1894, 8 per cent; in 1894, 8 per cent; in 1894, 9 per cent; and in 1893 it has so far paid 19 per cent."

W. C. and Lanier, Bankers, West Point, Ga., who also control cotton-mills with an aggregate investment of about \$1,000,000 \text{. The capital stock of our mills aggregates \$1,000,000. Our pay rolls aggregate \$20,000, and about \$100,000 are paid out to stockholders, besides laying up a surplus for extensions."

L. C. Havne, president National Bank of Augusta, Augusta, Ga.: "Cotton manufacturing 10 the South has always provon satisfactory as a paying industry, and from the establishment of the first cott in factory to the present time the mills have not only proven the wisdom of investors, but have demonstrated the inevitable conclusion that no character of investment is eafer, and few, if any are more profitable."
